Hi Tom,

I hope by now you have been able to hear from Karen about Ruth's phone call. I did not want to call you first. This is a situation where no one could be expected to absorb the reality in one dose. Like chemotherapy, it is a nauseating situation, there is no pleasure in communicating with you, but the nausea is sometimes necessary to be endured before any hope of healing can occur.

I would like you to please, take a breath, slow down a bit, and don't read the following fast. Contemplate and absorb as much as you can without rushing to conclusions. There are three things I want to share with you to outline the basic situation as I see it.

1. I am your friend. I re-committed to this friendship when we had the kerfuffle over Brian. I made a vow to God that, no matter what, I would be your friend. In this vow I am writing to you now, and I compelled Ruth to call Karen first to lay a little foundation.
2. There is clear evidence that for at least the last four years, Toto has been using his position of authority to take advantage of the girls of Sankey.
3. If you give Toto any indication you have been informed of this, innocent people may suffer and most likely no additional evidence of wrongdoing will ever come forth from our kids.

I am sending separately by email attachments the letters from  and  I am doing this out of friendship and concern for the ministry. But primarily love and concern for you. Since these came to my possession, to not hand them over to you would be a violation of our friendship (and also a criminal act). Actually my first desire was to come home and enlist the help of Joe Coffey to break the news to you. Unfortunately my passport is being renewed and the time of your trip is very soon.

So so sorry,

Joe
