It was Last August 2012, giving ako at tawag
 class ako ni Kuya Toto sa office. Nakalimutan ko ung
 darian pero pag ako lumabas, he stretched out his
 arms for me to hug him. Then asked me to kiss him
 on the cheeks, I did. After that, he asked me to kiss
 him on his lips, I said make me stop to ask, "Why?" "I don't
 want to." He said, "Just a quick one" (a smack). I could
 have just walked away if I was near the door, but his arms
 ay nakahawak sa peywang ko. So I did and I run into
 our kitchen and I wetted my lips with water.

I didn't told anyone, I was just being positive that
 maybe it doesn't really mean anything. Yet another day
 came, like after 1 wk. It happen again, he asked me
 again for it (I came to the office to ask for an extension,
 there was no one in the office only Kuya Toto on his desk
 so I had no choice but asked him, before he could say
 "Yes" ... he said, "hey, give me a kiss" ... I really don't want
 to, deep inside of me, "I am getting confused" and I
 am afraid.

Then the 3rd time came again when he called me
 to his office room. I was a bit nervous inside of me,
 though I wasn't showing it to him. At this time,
Witness A is on the other side of the room. Before leaving,
 he stretched again his arms for a hug (he was sitting on
 his chair). Then he asked again for me to kiss him
 on the lips, a smack. ... I spoke na, "Kuya, ayoko."
 Ang ginawa niya ng-sign siya na tumahimik lang ako at
 si **Witness A** ay kalapit lang ng room niya (only a wall
 separates them) I felt my heart ~~beat~~ fact, then I did it, but
 this time was very disgusting to me. When I was going to
 smack him on the lips, I felt his lips open. Ang pilis ng
 takbo ng utak ko na, ... Iba na to! I was shocked, I felt
 his saliva on mine and I immediately move away. With a fake
 smile, I quickly walk away and run into the water to
 wash it away.

radicals it arising. This time I am really much aware that something is wrong na kapag pumayag pa ko, paka lumala lang yong pinapagaan niya sa akin. Kaya ayon ~~umimasa~~ ~~umimasa~~ ako na pumunta sa office. Whenever I am alone, it keeps running into my head, especially the 3rd time....

(I have told **Witness A**, what happen next after this, ... how it ends that he comes out clean and I came out that I was just thinking negatively)

I know that I am under the authority of
And no matter what I said to reason out...

He always comes out right... Minsan napapaikot niya nalang tanong ung utak ko sa mga sinabi niya... and I end up

giving in.. Ang pinakamalakit na sinabi niya sa akin noon, ay... "wala akong pakialam sayo!" but right now, I just choose to forgive.
